MAR 14 1944

For a real hobby grow some "Glads". Add a few new varieties to your collection each year. The supply is inexhaustible and more new ones are being introduced each year. The color range is probably the widest of any garden flower and there are many variations of type, form and size. The smallest have florets little larger than a thimble and the largest as large as saucers with as many as a dozen of these huge florets open on the stem at once. Try some of these huge giants for a real thrill.

Join the Utah Gladiolus Society (Annual dues \$1, apply to Geo. Soffe, 1972 So. 8th East St. Salt Lake City, Utah). This group of amateur enthusiasts is planning instructive meetings and beautiful gladiolus shows for Utah this summer and welcomes all "Fans" to participate. The State Show will be held August 12-13 in Salt Lake City.

CUT FLOWERS

We sell Peonies, Iris, Gladiolus, Delphinium, etc., in season. We have all colors. Prices right. Orders of \$1.00 or over sent Postaid anywhere in Utah.

VISITORS ARE WELCOME

Hundreds visit our Flower Gardens every year. You are not obligated in the least so please come. The glads will be in bloom from about the first of August until frost. We will have over 1,000 varieties in bloom this year.

VICTORY SPECIAL

RED, WHITE AND BLUE COLLECTION—35 large bulbs, each a different variety, all colors, but unlabeled, included in separate bag 1 RED ADMIRAL, 1 MAMMOTH WHITE, 1 BLUE BEAUTY, Postpaid. \$1.00.

GLAD GARDEN BEDDING MIXTURE—Best varieties for mass effect in the garden—100 for \$2.50. 250 for \$5.50.

AAA MIXED—Over 25 varieties (newer prize winners included)—100 for \$3.00.

If description confuse you, come and see the fine colored pictures we have. They will make selection easy. Gladview Gardens is located one-half mile North of Pace's Sandwich Shop (Near highway 91 bridge over Provo River).

Gladview Gardens

VISITORS WELCOME

READ CAREFULLY BEFORE ORDERING

The bulbs listed below are young, healthy and sure to bloom. Free cultural directions will be included with each order. All prices include delivery charges anywhere in U. S. Delivery will be made early in April unless otherwise specified in your order. All stock offered and orders accepted subject to prior sale, order early. Terms: Cash with order. No mail orders for less than \$1.00.

PRICES ARE FOR LARGE BULBS, medium sized bulbs may be had for 2/3 the price of large bulbs, small bulbs for 1/3 and bulblet orders will be generously filled, however, no single item for less than 10c. As we have over 1000 varieties we probably have all your favorites even though they are not listed, so just send your order at current prices and we'll do our best.

EXTRAS—On orders of \$1.00 or more, we always add several extra bulbs of newer varieties for trial. Look for them.

PICARDY, after ten years at the top, is finally giving ground to a few other varieties that are equally as good or better when well grown. Some of these are—ALADDIN, ALGONQUIN, CORONA, MARGARET BEATON, MYRNA, PEGGY LOU, and others. When stocks of these are more widely distributed, their winnings will be much greater. It should be understood that winnings of the newer varieties are small because their newness and higher price has prevented their being grown and entered in very many shows. A safe rule to follow is:—any variety costing over 25c that is able to win 5 awards or over is as good or better than cheaper varieties winning many prizes.

We are probably the only growers who make a definite effort to list all top winners, so if you want the best let the stars *** guide you. Any variety that can win firsts and championships in shows all over the continent is bound to be good in your own garden.

Using the N.E.G.S. and other reliable reports of over 50 major shows held in 1942 and 1943 and tabulating only firsts, we find that over 200 varieties were able to win 5 or more awards.

- * Indicates this variety won over 5 awards.
- ** Indicates this variety won over 15 awards.
- *** Every one of the 26 varieties that won 25 or more awards in 1942-43 are indicated by ***.
- Figures in parentheses (33) indicates the number of awards won.

This year we are including the N. E. G. S. type and color class number, it follows the color description, and is used and recognized by most Gladiolus Societies in the U. S. and Canada. Numbers in the 100 series are various colors of the large Formal or Exhibition type, with florets over 4 3/4 inches in diameter; the 300 series are the medium sized formal type, 3 1/4 to 4 3/4 inches; the 500 series are the tiny formals, under 3 1/4 inch florets. The informal or decorative types are designated by 200 for the large, over 4 3/4 inches; 400 for the medium 3 1/4 to 4 3/4 inches; and 600 for the small sized ones, under 3 1/4 inches. The last two figures of the number indicate the color group to which the variety belongs. Those ending in even numbers have pure self colors and those ending in odd numbers are marked or blotched.

- 00 - 09 Pure white to cream
- 10 - 19 Yellow to deep buff
- 20 - 29 Light to deep orange
- 30 - 35 Light to deep salmon
- 36 - 39 Shades of scarlet
- 40 - 49 Light to deep pink
- 50 - 59 Pure red to black red
- 60 - 65 Light to deep rose
- 66 - 69 Lavender shades
- 70 - 79 Purple and violet
- 80 - 89 Smoky shades
- 90 - 99 Any other color: greys, browns, greens, etc.

* ZAUBERFLOETE (Magic Flute) (5)—Light pink, deep red throat		141	2 for .15	.65	
*** ZUNI (25)—New giant smoky purple		180	1 for .10		

SMALL FLOWERED GLADIOLUS THAT WIN PRIZES

These varieties naturally produce florets of three inches or less in diameter. They are the so-called Brides or Baby gladiolous, because they are used so extensively for Bridal Bouquets, small floral pieces, table decorations, sprays, corsages, etc. Their beauty when used alone or with other flowers is unsur-

passed. Other advantages are: more spikes per bulb, more bulbs per dollar, earlier blooms and less care as the wind never tips them over. The bulbs are smaller in most cases than the large flowered varieties.

Rating, Name, Winnings,	Description	Class No.	Price Large Bulbs	Per 10	Per 100
* BETTY COED (10)—Pink, "that schoolgirl complexion"		440	2 for .10	.40	3.00
